### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: None of the prior art of record teaches or suggests a device for blow molding containers, the molding device being movable, mainly rotatable and comprising: at least one mold of the wallet type having two half molds connected to each other by a mutual pivot shaft, two link rods secured to one another, by a first articulation, at one of their ends and secured with articulation, at their other end, respectively to the two half molds either side of the mutual pivot shaft, actuation means that are connected to the first articulation and that comprise at least one cam follower suitable for interacting with at least one respective fixed cam in order to generate an approximately linear movement of the articulation toward the mold or away from the latter, being accompanied respectively by the closure or the opening of the mold, wherein associated with the articulation are compensating means suitable for acting in such a way that the cam follower is permanently kept in contact with the respective cam. Colombo (2,750,625) discloses a blow mold (11) having a cam (23) and a cam follower (22) affixed to one of the mold halves to move the single mold, but the reference fails to disclose or suggest two link rods secured to one another by a first articulation at one of their ends and secured with articulation, at their other end, respectively to the two half molds either side of the mutual pivot shaft, articulation means connected to the first articulation and comprise at least one cam follower suitable for interacting with the at least one respective fixed cam in order to generate approximately linear movement of the articulation toward or away from the later, wherein associated with the articulation are compensating means

suitable for acting in such a way that the cam follower is permanently kept in contact with the respective cam.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
